DIRECTIONS to
St Michael's Church – The Sanctuary
Church Street
Ewell Village
Surrey KT17 2AS

St. Michael's is between nos 4-6 Church Street.

BY TRAIN

Directions from Ewell West train station (about 10 minutes)

Come out of station on the main exit side not where the alley way is.
At main road turn left and walk down to traffic lights.
Here the road splits into a fork – take the right fork.
Soon after on your left is a turning, which looks like you are going into a car park – it has half iron gates in a greeny colour, which are, open. This is the car exit to Bourne Hall and is a good short cut for you.
Walk through car park and diagonally across is the exit.
(If you miss this bit then you'll just follow the road round to this point)
Turn left out of car park
End of road – turn right
Go past local village shops (post office, health food shop etc).
Cross over at the pedestrian lights opposite the chemist & health food shop
Turn first left into Church Street. St Michael's is about 50 yards up on the right. Cross the small courtyard and the door will be open.

Directions from Ewell East Station (about 5 minutes)

Out of station on car park side (not the side going to Nescott college).
End of road turn left
Get to big road junction (dual carriageway)
Cross straight over into Cheam Road
In about 150 meters you will see a Subaru garage on your left and a car park on your right. Keep on the side opposite the Subaru garage. Walk past HSBC and continue forward (do not turn left at the mini roundabout).
Church Street is approximately 30 yards ahead on your right. St Michael's is about 50 yards up on the right.
Cross the small courtyard and the door will be open.

BY CAR

Directions from Junction 8 on the M25 – CLOCKWISE - coming from Dartford Tunnel direction

Take the last exit off the roundabout - A217 towards Sutton
Carry on this road (dual carriageway) for about 3 miles - you will go over at least two roundabouts.
You will then get to a set of traffic lights - you need the left hand lane - it goes into a left hand filter.
At these traffic lights turn left on to the A240 - Reigate Road
Carry along this road for another 3-4 miles. You will go over roundabouts and cross some traffic lights.

When you see Nescott training college on your right - immediately after that is a roundabout (petrol station opposite with Tesco shop and Homebase on the other side of the roundabout).

At this roundabout take the third (last) exit on to the A24

At the next set of traffic lights turn left into Cheam Road.

In about 150 meters you will see a Subaru garage on your left and a car park on your right. This is the best place to park. Either driving or walking past the car park, go straight over the mini roundabout passing HSBC on your right. Church Street is approximately 30 yards ahead on your right. St Michael's is about 50 yards up on the right. Cross the small courtyard and the door will be open. Sometimes there are spaces in the road outside the Church.

Directions from M25 – ANTICLOCKWISE - coming from Heathrow direction

Leave the M25 at junction 10 and take the left exit joining the A3 towards London. Leave the A3 after 9 miles at the Tolworth (Tower) exit marked A240. Take the A240 towards Sutton (3rd exit).

Continue on this dual carriageway (it starts off as the Kingston Road and then goes into the Ewell bypass and then the A24). You will cross over a few sets of lights and roundabouts.

You will come to a large set of traffic lights where there is Shurgard Storage on your left, and a Honda car sales garage on your right. Leave the A24 here, turning right, (it has it's own set of traffic lights for turning right). Follow this road round, past a church on your left and then the Spring Tavern pub on your right. Continue on up to mini roundabout – HSBC is on your left and the Star pub directly opposite you. Keep left at the roundabout into Cheam road. Past the Subaru garage on your right. You will find a car park a few yards up on the left. This is the easiest place to park.

Walk back to the roundabout and continue straight on. After about 30 yards the next turning on the right is Church Street and St. Michael's is about 50 yards up on the right. Cross the small courtyard and the door will be open. Sometimes there are spaces in the road outside the Church.
